Commissioner for Patents

Sir:

Applicants request acknowledgment that the inventors: Jun Etoh, Yoshiki Kawajiri, Eiji Kume and Hitoshi Tanaka have been deleted as set forth in the amendment to the inventorship in the second preliminary amendment filed July 3, 2002, copy enclosed.

The bibliographic data sheet entered in the PAIR system on October 1, 2007 lists six inventors, however the only inventors in the present application as a result of the reissue declarations that have been filed and accepted are Kiyoo Itoh and Yoshinobu Nakagome.

Accordingly, a Supplemental Notice of Allowability, indicating that the inventorship has been changed as per the reissue application and an updated bibliographic data sheet has been entered into the file is requested.

Respectfully submitted,
